SALES CONDUCTED BY MR. FREDERICK A. CHAPMAN

NOTE

OWING to a forthcoming extended visit to my former home at Haifa, Palestine, from which, as a result of the war I have been absent for five years, I have placed in the hands of the Anderson Galleries for unrestricted public sale my entire collection of Egyptian, Greek, Roman, Persian, and Babylonian Antiquities.

The Collection is the finest of its kind I have ever offered for sale at auction. The glass includes several marvelous pieces from the celebrated John D. Whiting Collection which I acquired recently. This Collection was loaned to and exhibited for several years at the Boston Museum of Fine Arts, where it was prized very highly. The bronzes, the marbles, the Greek vases, the engraved gems, and the cylinders are all very interesting. Several of the beautiful necklaces are from the well-known collection of Lady Geraldine Overend.
